

Psoriatic Arthritis (PsA) Discussion Guide

If you're living with psoriatic arthritis, it's important that you feel empowered to advocate for yourself and to speak openly with your doctors about managing your disease. The Canadian Spondyloarthritis Association Discussion Guide is developed to help you prepare for your appointment to ensure a productive conversation about your PsA goals and concerns.

Before Your Appointment

Studies show that 30% of patients underreport their symptoms. People might also forget the extent to which PsA impacts their life. Document your symptoms and any side effects from medications you're taking and any changes in your lifestyle.

SYMPTOMS

Record the intensity of your symptoms in the last month: 1 = no | 2 = mild | 3 = moderate | 4 = severe

	1	2	3	4
Swollen/painful joints	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Stiff joints	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Back and neck pain	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Nail pitting/separation	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Chest and rib pain	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Sausage toes/fingers	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heel pain	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Psoriasis	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other _____				

IMPACT ON YOUR LIFE

Record the number of days in the last month lost in:

Social activities _____

Work/Academics _____

Name of medication _____ Duration _____

Side effects _____

Improvements _____

Name of medication _____ Duration _____

Side effects _____

Improvements _____

Other alternative treatments

(acupuncture, meditation, natural remedies, etc.)

Psoriatic Arthritis (PsA) Discussion Guide

During Your Appointment

Create a meaningful and impactful conversation during your appointment using these 3 steps:

1. COME PREPARED

Come prepared with this discussion guide. Remember, this is your chance to advocate for yourself. You've diligently tracked your symptoms and concerns — don't hold back. Your insights matter. Use the tracker to present a clear picture of your condition.

2. COLLABORATE

Collaborate with your health care provider to set impactful goals for managing your symptoms. For example:

1. Excel at work
2. Wake refreshed, sleep better
3. Rediscover hobbies with ease
4. Enjoy social connections/outings
5. Feel comfortable and confident

Your #1 goal: _____

Other goals:

3. ASK QUESTIONS

Ask questions. For example:

1. How do I reduce my inflammation and visible lesions?
2. Should I be aware of any newer medications and treatment options?
3. What are the benefits or risks of these treatment options?
Are there any specific foods I should eat or avoid eating?
4. How can I calm a psoriasis flare-up?
5. Can you recommend any pain management considerations?

Your questions: _____
